

PRANAY SONDKAR, MSPM

[LinkedIn](#) | [Portfolio](#) | [Certified ScrumMaster](#)

Austin, TX (Open to Relocation) | (857) 332-8306 | pranayprakashsondkar@gmail.com

Work Authorization: F-1 OPT with STEM extension (valid through Feb 2029). \$100K fee exempt.

SUMMARY

Project Manager who builds the infrastructure so teams can do their actual jobs without fighting process. 4.5 years owning cross-functional delivery, documentation frameworks, and process automation in financial services. Managed portfolios exceeding \$5M. Shipped automations saving \$150K annually. Engineering background, CSM certified.

SKILLS

Project Execution: Project Plan Authoring, WBS Development, Resource Coordination, Milestone Tracking, Project Closeout

Risk Management: Risk Register Maintenance, RAID Logging, Issue Escalation, Dependency Tracking, Mitigation Planning

Stakeholder Communication: Status Reporting, Meeting Facilitation, Action Item Follow-Through, Escalation Management

Budget & Vendor Coordination: Cost Tracking, Budget vs. Actuals Reporting, Vendor Follow-ups, Scope-Budget Negotiation

AI and LLM Tools: Claude, OpenClaw, Microsoft Copilot, Google AI Studio, ChatGPT, Gemini, GitHub Copilot

Tools: Microsoft Project, Jira, Confluence, SharePoint, Power BI, Power Apps, Power Automate, Excel, SQL, Tableau, Slack

Methodologies: Agile (Scrum, Kanban), Waterfall, Hybrid, SDLC, Change Management, 5 Whys, Fishbone Analysis

EXPERIENCE

TechEquity AI

Mar 2026 - Present

Nonprofit democratizing AI through community events and industry-partnered educational programs.

Project Manager | San Jose, USA (Remote)

- Established the nonprofit's first PMO function and operational roadmap, defining cross-functional roles, processes, and deliverables for a 10-person team; owned execution of pipeline operations across 5 outreach categories.
- Standardized the List Building SOP with 5 quality gates and a status tracker used as operating standard, replacing scattered Slack threads; shifted assignment model from batch to self-selection, improving workload distribution.
- Introduced agentic AI workflows for first-contact outreach, tripled campaign volume from 5 to 15 per quarter, reaching 4,300+ companies by reducing manual effort per campaign for the 2026 AI Summit pipeline.
- Deployed AI-powered contact scoring system using Crunchbase, Apollo.io, Claude Code to prioritize high-value leads, improving response rate from 3% to 5.6% (above 1-3% B2B benchmark).

State Street Corporation

Jan 2025 - Jun 2025

\$44 trillion custody bank; among world's largest financial services institutions.

Project Manager, GRC Operations | Boston, USA

- Developed project charter, management plan, and schedule baseline for the GRC automation initiative; managed Kanban board and Jira backlog with epics, user stories, and acceptance criteria across cross-functional workstreams.
- Migrated Cybersecurity GRC Book of Work (100+ action items, 9 global teams) from fragmented MS Project into Jira, structuring RAG status and KPIs that gave C-suite one-year visibility into prioritization decisions.
- Built Copilot AI automation to score GRC tasks by effort and outcome, cutting manual triage time by 20% and surfacing high-impact items for faster prioritization.
- Authored the GRC operations runbook unifying governance, risk, and compliance processes; published organization-wide on Confluence as the standard reference for State Street's risk and compliance community.
- Built a SharePoint and Confluence documentation framework (SOPs, troubleshooting guides, RACI matrices, process flows) adopted as the onboarding standard for new analysts.

Researchwire Knowledge Solutions**Aug 2021 - Jun 2023***Intellectual property research consultancy serving Fortune 100 clients on patent strategy decisions.***Project Manager, IP Research | Mumbai, INDIA**

- Led shift from waterfall to Scrum-Agile hybrid, embedding sprint planning and mid-cycle client feedback loops into the project roadmap; reduced end-of-project rework and accelerated time-to-deliverable by 30%.
- Ran kickoffs for 15+ clients (5 Fortune 100 accounts), defining scope, timelines, and budgets for infringement analysis, freedom-to-operate, technology landscape, and design patent projects across a \$5M+ portfolio.
- Led a team of 5 patent analysts, delegating patent families by technical strength across 250-patent portfolios; mentored team on quality standards and deliverable consistency.
- Delivered 50+ projects and 250+ infringement analysis charts, translating technical findings into strategic guidance for attorneys and non-technical stakeholders; drove 20% ROI improvement and shaped product launch decisions for Fortune 100 clients.

Tata Consultancy Services**Jun 2019 - Aug 2021***\$29B global IT services leader; India's largest technology consulting company.***Project Lead, Systems Engineer | Mumbai, INDIA**

- Promoted to on-site Team Lead at a major Indian private sector bank with remote support for 4 additional banks; led 6 engineers across rosters, mentoring, quality, and client communication.
- Directed overnight SFMS updates across 5 banks for India's NEFT/RTGS 24x7 transition under the RBI 2019 mandate, enabling round-the-clock settlement on a national banking platform processing \$100M+ daily.
- Engineered Excel/VBA macros automating CSV-to-legacy SFMS report conversion, saving 2 hours daily.
- Applied 5 Whys and Fishbone analysis to lift CSAT 15% and cut repeat issues 35%, sustaining RBI compliance.

PROJECTS

GRC Resource Reconciliation Automation | State Street Corporation | 2025

- Identified a 40-hour/month manual reporting bottleneck for the GRC team and C-suite; led discovery on pain points, data structure, and data flow; designed and built end-to-end automation on Power Apps, Power Automate, Power BI, and Microsoft Lists, self-managed via Kanban and Agile cadence.
- Delivered 93% effort reduction (40 to 5 hrs/month) and \$150K annual savings; authored troubleshooting and modification guides; trained the operations team on the Power Platform stack for ongoing maintenance.

Graduate Capstone Project | NovaTechX Market Entry Strategy | Northeastern University | Sep 2025 - Dec 2025

- Served as Project Manager for 6-person team delivering U.S. market entry strategy to EdTech startup, managing \$10,300 budget with 10-15% contingency reserve.
- Built Integrated Project Plan framework including WBS, RACI matrix, risk register with EMV analysis and change control process.
- Developed partnership framework targeting 20+ universities and 3 priority U.S. regions, with 18-month implementation roadmap for 300 first-year student enrollments.

EDUCATION

Northeastern University | Boston, MA**Sep 2023 - Dec 2025****Master of Science in Project Management | GPA: 3.95/4.0 | Awarded Merit Scholarship****Coursework:** Agile Principles, Portfolio Management, Data Analytics (R/SQL), Risk Management, Business Analysis, Quality Management**University of Mumbai | Mumbai, India****Aug 2016 - Jun 2019****Bachelor of Science in Electronics and Telecommunication | R&D Head, Student Technical Committee**

Led 12-member team managing academic projects and technical workshops across 3 engineering departments
